2nd announcement - Call for papers

Announcement

This is the announcement for the 14th World Congress of Semiotics of the International Association of Semiotic Studies – IASS/AIS, to be held on September 9-13, in Buenos Aires, Argentina. The congress will take place in the premises of the National University of Arts (UNA).

Theme and axes

This year the word “trajectories” has been chosen for the thematic proposal of the congress, taking on account of the remarkable wealth of meanings arising from its contemporary uses, applicable from different perspectives to the description of the continuities and changes that compose the discipline. We consider that the best example can be found in the trajectory of definitions of the very notion of semiotics.
